Graduation Goals (required)

- Rigor
- Increasing percentage of students with disabilities passing algebra regents
 - Closing the gap is not right, we want them to grow
- Strong ICT models
- Culturally responsive and sustainable education

College, Career Goal (required)

- Alining assessments so that student are getting feedback among departments
- Increase the percentage of students who feel like teachers know when they need help (currently only 57%)

Equity and Student Voice

- Courageous communities
- AP for all
- Restorative
- Flex
- Grade 9 transition

Collaborative and Trusting Relationships

- Send out a newsletter regarding communication in the grade
 - A centralized communication system
 - How do we implement this to be helpful to parents as well
- Trust
- Disciplinary systems
- Town halls
- Grading policy

- Cogan is piloting a system of communication in her advisory and will share back
 - Parent liaison as well?

To do next time:

- Continue planner conversation
- Report back on communication organization pilot, student government club communication, and the google professional development
